FROM WHERE HE LIVES

Endorsements of Mr. Withycombe by
Newspapers at His Home Towns

He Is the Man.

On entering the contest for the Republican nomination for governor, Dr. Withycombe undoubtedly had the largest personal acquaintance of any man in Oregon. Practically every acquaintance was a friend, who recognized in Mr. Withycombe a man who possessed in a very large degree all of the sterling qualities needed to fit him for the exalted position to which he aspires. A great many of the politicians said he wouldn't do, that he didn't know how to play the "game," and that no man was eligible to the position of governor who was not a practical politician. From the first, however, his campaign met with favor in the rural communities. Gradually his strength increased until he began capturing the towns and cities. He now has active workers in every community in the state, and the reports from each county concerning his candidacy are most flattering. That he will be nominated seems certain.

Few men possess such a pleasing personality, such an accommodating, genial disposition, and, withal, so much honesty, sincerity and strength of character. To their possession may be ascribed much of his success in the present contest.

His neighbors and friends in Benton county regardless of politics are taking a deep interest in his campaign. He will receive practically every Republican vote in the county at the primaries, and election day will be a sort of Withycombe jubilee. It is doubtful if any man in Oregon ever sought a nomination who possessed the good will, confidence and esteem of his fellow citizens in so marked a degree as does Dr. Withycombe. His local standing as a man and as a citizen should commend him to the favorable consideration of every Republican voter in Oregon.—Corvallis Gazette.

Reports indicate that Dr. Withycombe is well in the lead of all others in his candidacy for the Republican nomination for governor. He is known all over the state, and his fitness and ability are everywhere recognized. Here in Washington county, where so many years of his active life were spent, he should receive, and no doubt will receive, almost the unanimous party vote.—Forest Grove Times.
